SPEC SHEET

CHARLES

Occasional Chair

The CHARLES lounge chair offers a choice of sophisticated aesthetics. Choose from two distinct options: the bold and contemporary pairing of black leather upholstery with a carbon black oak frame, or the more organic and inviting combination of olive leather with a natural walnut frame.
The CHARLES lounge chair is meticulously crafted to provide exceptional comfort. Its carefully considered pitch is designed to cradle your body, promoting relaxation and encouraging you to settle in for extended periods. A key design element that sets the CHARLES lounge chair apart is its stunning rattan back.
