SPEC SHEET

JULES

Chair

The JULES dining chair offers a perfect blend of style and functionality. Its defining feature is a 360-degree swivel base, available in either matte black powder-coated steel for a modern touch or natural white oak for a warmer aesthetic. The seat and backrest are luxuriously plush, upholstered in a light cream fabric on the seat and a durable cream leatherette on the body of the chair, ensuring both comfort and longevity. This chair is not only a comfortable seating option but also a chic addition to any dining space, effortlessly combining practicality with sophisticated design.
