SPEC SHEET

THE W

Table

THE W dining table has two manual extending leafs that are self storing under the table. It is made with a black powder coated steel base and the top is made from ceramic and glass that is laminated together. The ceramic has a matte textured finish and looks like real Nero Marquina marble quarried from Spain. The ceramic is scratch and stain resistant and easily cleaned with soap and water. New version is avilable in a white Carrara top ceramic finish.
